

FEDERAL ANTIMONOPOLY SERVICE

State Procurement in the Russian Federation

Andrey Tsarikovskiy
Stats Secretary, Deputy Head

2017

Synergy of powers of the antimonopoly authority - the basis of the effectiveness of competition policy

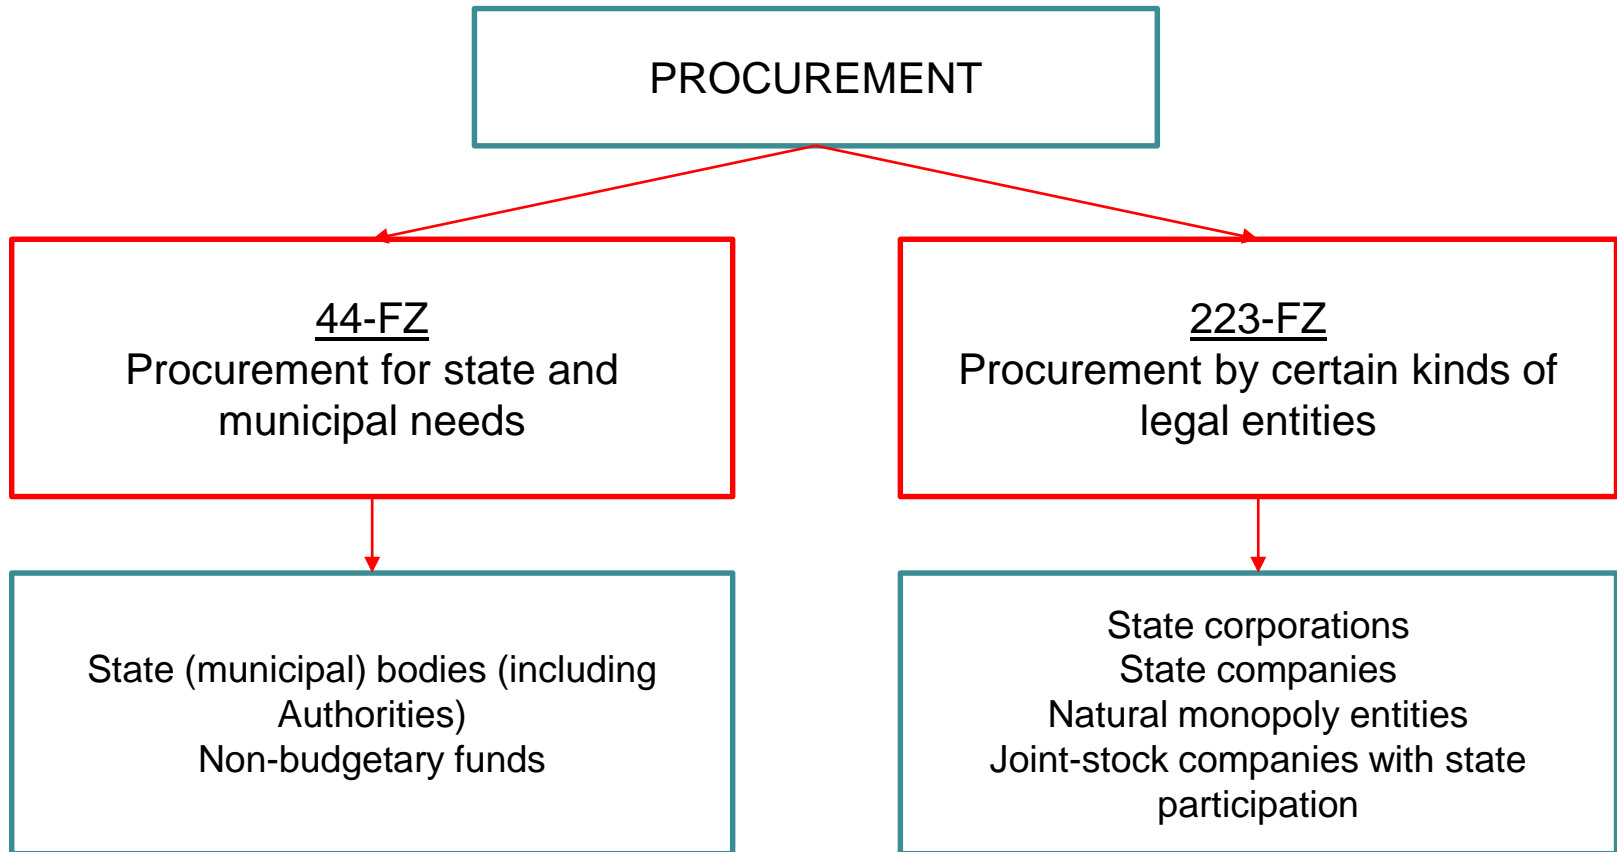

- Antitrust regulation
- Tariff policy
- Policy in the field of public procurement, including defense procurement

The procurement system is the engine of competition:

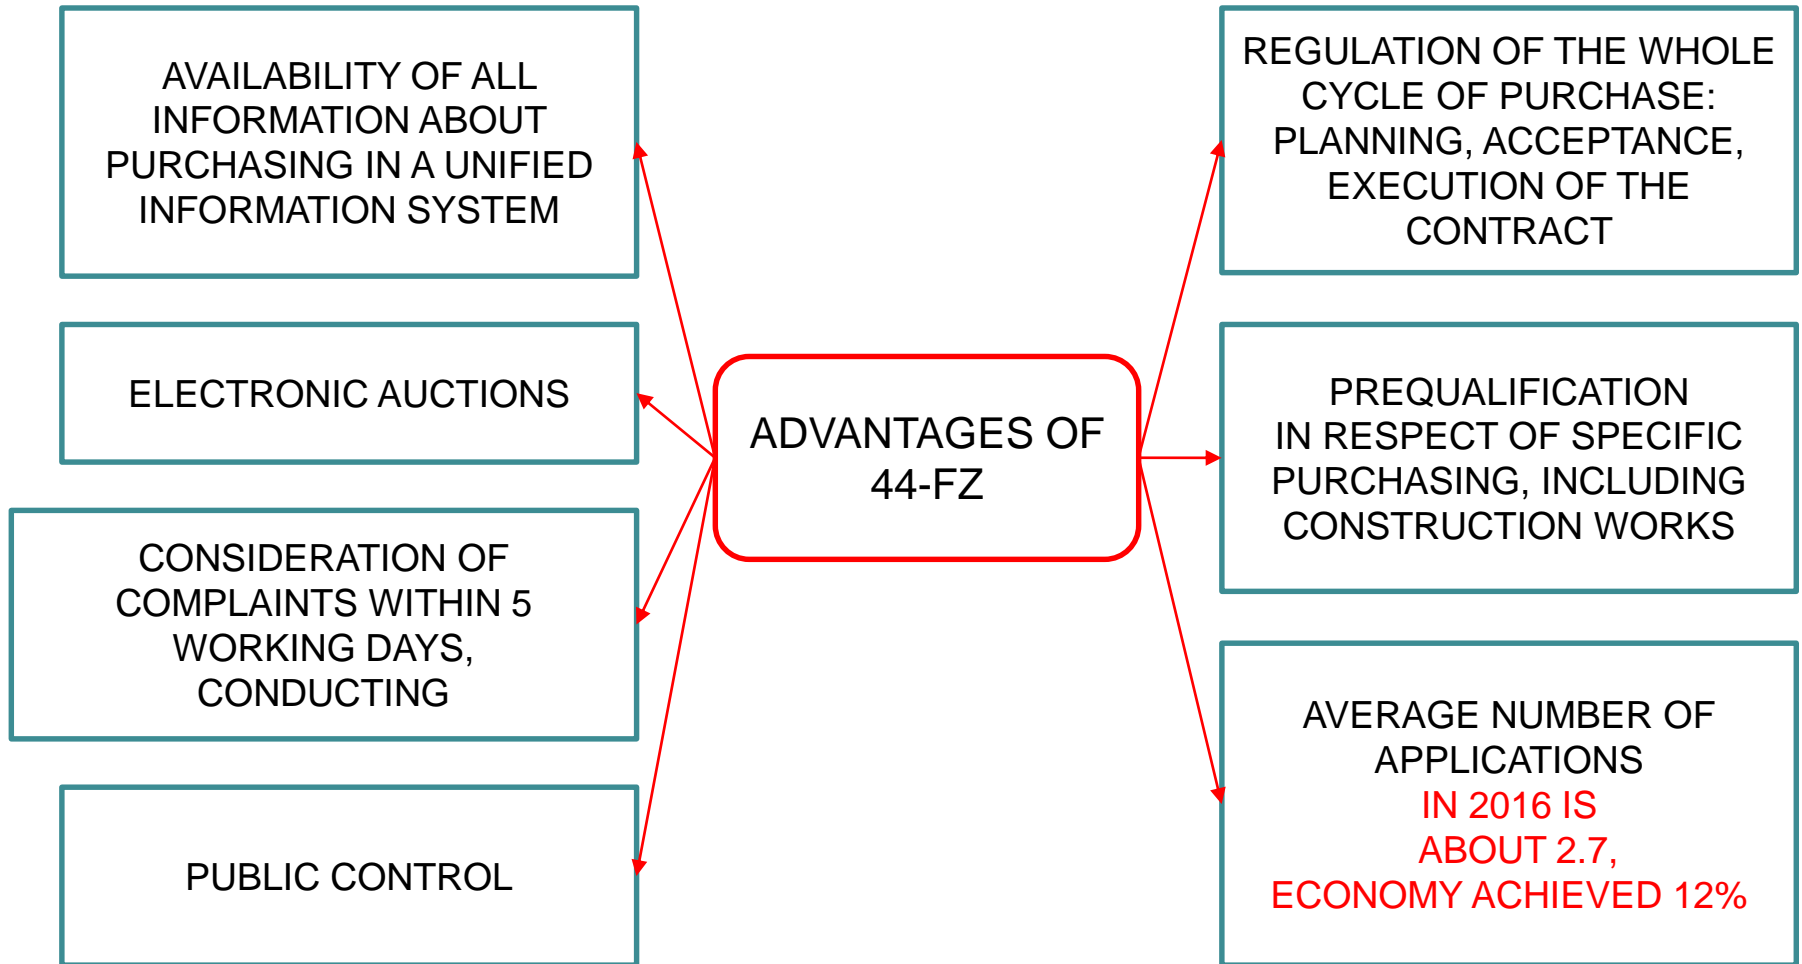

- Saving the state budget
- Fighting corruption
- Possibility of small and medium business development
- Openness and transparency of procurement procedures
